LAKE VILLA DAY PROVES BIG SUCCESS

Great Crowds Attend Horse
Show and Farmers'
Plowing Match.

DANCING IN THE EVENING

Lake Villa Day proved a great success and many Antioch people took advantage of the wonderful display exhibited on Mr. Lehmann's beautiful grounds.

The horse show undoubtedly was one of the best ever held in this section of the state. Great Heart, the world's champion high jumper, failed to break his former record, although several desperate attempts were made.

The potato race, in which eight horsemen took part proved a thriller. It was executed in the same manner as the original potato race, except the participants were on horseback, each having a long, sharp-pointed stick on which they carried the potatoes from starting point to goal.

The farmers' plowing contest was won by a Fordson tractor owned by O. W. Lehmann, and Mr. Hanson's Fordson won second. In the special match the International Harvester machine won first and the Fordson second.

The Winners

Below are the winners of the various events at the celebration:

How Do They Get That Way?

Why pick on Antioch? Booze squads and rum hounds from Waukegan are working overtime trying to "get the goods" on the thirteenth parlor of this vicinity. Raid after raid, having been made, the practice is becoming a nuisance. At the same time automobile parties from Waukegan invade our confines loaded with booze and try to burn up the town.

While nine arrests were being made in Waukegan (according to a Waukegan paper) over the week-end, booze artists from the county seat were looking here for violators.

Why not start and clean up a bit at home and they wouldn't have so much work to do in the lake region.

LIBERTYVILLE FAIR TO BE GREAT EVENT

The Libertyville fair this year promises to be the greatest fair ever held in Illinois. September fifth is the opening date and will continue for five days.

There are to be evening horse shows five nights.

Eighteen bell teams have made applications to take part in the great 1921 event.

New stunts daily by actors from the leading vaudeville theatres of Chicago. A midway of varied attractions and amusements with side shows attractions in greater number than ever before.

An elaborate display of fireworks will conclude each night's program, furnished and "set off" by the same Chicago concern which handled the marvelous display at the Pageant of Progress.

Entries in the poultry and pet stock departments are pouring in, and it will be necessary to arrange additional housing for the fanciers who will tax the capacity of the poultry division.

No such exhibition of live stock has ever been assembled in northern Illinois as will crowd the stalls and three large tents it has been necessary to provide. There will be domestic works and art works exhibits from northern Illinois, southern Wisconsin and Iowa.

The grains, vegetables, flowers and fruit exhibits will be larger than at any previous fair, and establish a record. This is assured by the advanced season and unusual interest this year.

The \$15,000 offered in premiums will attract more and better exhibits than ever before.

Much interest is manifest in Sunday School, Young People's and educational departments, and efficient and aggressive superintendents are in charge of arrangements.

Because the fair opens on Labor day, and union officials and membership of Lake county will attend in onite, with a special program for their entertainment, the first day will be one of the biggest. The labor unions never do things by halves, and promises to initiate the big week of carnival as only they know how. Here is Labor day program:

Speeches.

Band concerts.

Free acts.

Racing events.

Baseball.

Airplane stunts.

Fireworks display.

All in addition to the opening of the exhibits and shows, and right from the start the union boys will "blow off the top" in a riot of fun, frolic and entertainment.

Wisconsin's 1921 Blue Book, said to be one of the most complete ever issued by the state, will be ready for distribution soon according to state officials. The book will have a historical value as well as being a ready reference volume concerning the state government.

Jay and Tom Graham, noted trapshooters of Ingleside, and their neighbors, Frank Stanton and William Jackson, were in Waukegan last Thursday evening to participate in the Waukegan Gun club's twilight shoot. Jay Graham made a score of 49 out of 50.

The remains of Edward F. Rippberger, Lake Villa were among twenty-nine to reach Chicago last week, having been brought back from Europe. A military escort from Fort Sheridan met the bodies, and men were assigned to accompany each to his former home.

Springfield—Black three-inch figures on a pearl gray background with a hyphen between the thousands and the hundreds will be the style of the 1922 Illinois automobile license plates, according to Walter W. Miller, in charge of the automobile department of the secretary of state's office.

During the first six months of 1920 the Wisconsin Butter and Cheese company at Elkhorn paid to the patrons of their condensery the sum of \$305,899.93 and during the first six months of 1921, ending June 30, they paid their patrons the sum of \$451,292.90, showing a decrease in the money received for milk in the vicinity of Elkhorn of \$344,007.03 or more than 40 per cent.

George Berg, farm hand for J. R. Kirk, near Geneva, climbed down into a fiftyfoot silo which was being filled with cut corn on Sunday.

When he failed to reappear, William Krueger, of Milwaukee, another farm hand climbed in after him. He, too, failed to come out.

So Kirk, first tying a rope around his body, was let down into the silo. Before he reached the bottom he lost consciousness from gas generated by the corn.

He was quickly drawn to the top of the silo and resuscitated, but Berg and Krueger were dead when brought up by means of hooks caught in their clothing.

Wm. J. Stratton, supervisor from Grant township, is now chief of the Game and Fish department of the State of Illinois. Mr. Stratton's appointment to the position of chief of this important department had been rumored for some time but it was not until last week that it was formally made at Springfield and the commission was issued by Governor Small. Accordingly Mr. Stratton is now chief of this division and it means that Lake county has taken down a plum which pays about \$5,000 and puts Mr. Stratton in a very important and responsible position.

Abandoned barracks and other buildings at the Great Lakes naval training station are to be sold at auction, Aug. 26, by the Board of Sales, under direction of Lieut. Com. D. W. Rose, senior member of the board, the buildings representing a cost of \$545,391 including equipment which will go with the structures. The buildings to be sold represent 54 barracks or about \$400,000. They are 11x27, each having cost from \$6,000 to \$8,500. The largest is the maintenance building, representing a cost of \$67,322. There are also officers' quarters and dispensary, executive building, cubicle, armory, brig, laundry, psychiatric, rigging loft, tailor and barber shop, carpenter shop, garage, gun gallery, three power houses, coal shed and pigeon loft.

Communication

Editor of the Antioch News:

Just one word in answer to Mr. Andrew T. Murphy's letter in August 11th issue, he quotes me as stating that the Board was going to fire Congdon on August second. That is not correct, but this is what I stated. If we found Mr. Hawkins, who was requested by the President, and bound by the motion to use pressure on Mr. Congdon and if he could not be controlled, I had made up my mind to vote to fire him, and I had not talked to any other member of the board.

I did not intimate to him that these four men would run again, but did say that if I wanted the office again I would announce myself as a candidate, and if beaten I would have no complaint to make, and I have two witnesses to my statements.

He belittles the intelligence of the average speed law enforcer, and I will leave the question open to the public as to whether Mr. Hawkins, Mr. Sibley, Mr. Richards, or myself, whose credit is good at the banks, or in business should be questioned.

In other words the president has full power to hire assistants to the regular marshal, and to fire, but the board members have no power. Look up the law.

I am sorry that those letters could not have been produced at the board meetings for consideration, instead of a lot of street talk, which would have saved this nasty muddle.

Mr. Murphy did not condescend to answer my letter asking for information. Then why did he come to my home after all had happened and misconstrue things.

Very truly,
L. B. Grice.

Sabin Window Again Winner

Mrs. Maude Sabin was declared a winner for the second consecutive time for the best window display.

The committee appointed by the Antioch Woman's club gave Mrs. Sabin two firsts. Keulman one first and one second, Peterson, the tailor and the Chicago Footwear company each one second.

Next Tuesday morning another choice will be made and the winner will receive a quarter page ad free in the Antioch News next Thursday.

Depot at Long Lake is

Destroyed by Fire Monday

The St. Paul depot at Long Lake was destroyed by fire Monday morning, and a loss of about \$2,500 sustained.

The fire started from a passing locomotive, a spark dropping on the roof.

The Ingleside fire department was called and the boys worked hard, but were unable to check the flames.

However, they managed to save the milk shed and other nearby sheds.

FEEL CALL OF SERVICE IS REQUIRED

Late Proceedings of Village
Affairs and Active Propaganda Requires Action.

ELECTION IS TOMORROW

To the Editor:

The following business men of Antioch beg to submit their names as candidates to fill the vacancies on the village board,

William Hillebrand,
William Rosing,
Raymond Webb,
William Christian.

What appears to be a ray of sunshine after the gloom over the speed question and resignation of four members of the board of trustees is the announcement of their candidacy to the board of four prominent citizens, men of wide experience in the town's business, men who have proven their ability in their own business, and men who no doubt will find a way to clear the path for progress in the village's affairs.

Antioch is to be congratulated in having men with the civic pride to sacrifice business interests and offer their services at a time when the future of the town is in the balance.

This group of men, through their known reliability and integrity, should receive the support of the entire village, both men and women, and put into office without the after-effect of a bitter mock-ruling campaign, without ill feeling toward any faction or group of interests, and be free to devote their entire ability to the business of freeing Antioch of the stigma that has been caused by the late unpleasantness and over-coming the black-listing avoid Antioch propaganda and put a stop to the attempts of other sections to belittle our town and make it the laughing stock of the country.

It is the sincere hope of this paper that the citizens of Antioch will see their way clear to accept these gentlemen's candidacy with the same spirit that that candidacy was offered, in view of the fact that the town's financial affairs are in a critical state through no fault of any of the preceding boards, but a condition that exists in all small towns whose revenue consisted in part from liquor licenses and any remedy that may be brought about, should be accepted by the citizens, as the inevitable readjustment that has to be accepted in all walks of life before we can go forward again.

The citizens of Antioch should accept the attempt to change the route of the cement road seriously and should see that their next board is composed of a group of men who have a vital interest in this road and can be depended upon to exert every pressure on the highway commission not to change the formerly proposed routing of this road, the biggest improvement Antioch will have ever had.

Blow Safe Four Times;

Fail to Get Contents

Early Friday morning bandits visited the Bristol State bank, and after four attempts to blow the safe, left without securing money or valuables. President Upson saw these men examining the bank closely the previous day and connects them with the job.

Four holes were bored in the safe, and the use of electric fuses employed, and although four explosions were heard by nearby residents, the vault refused to open.

RUSSIAN SOVIETS YIELD TO HOOVER

Insist That Politics Shall Not
Enter Into Plans for
Relief.

ALL YANKS TO BE FREED

Maxim Litvinoff, Soviet Special Envoy,
Says Every Facility to Leave
Country Will Be Given
Americans.

Riga, Latvia, Aug. 15.—The Russian soviet government will combat any attempt to interject political questions into the Russian famine relief, but it is sufficiently practical to see that if the holding of Americans in prison is an obstacle to the feeding of a million Russian children, it is best that Herbert Hoover's stipulation in this respect be granted, declared Maxim Litvinoff, the soviet special envoy, here.

M. Litvinoff made this explanation of the Russian negotiations with the American relief administration in talking with the American newspaper correspondents. He reviewed the famine situation to them and explained the situation from the Russian viewpoint.

In addition to those held in prison in Russia, declared the soviet envoy, every facility to leave would be given by the soviet government to any Americans in the country, even to the extent of advertising for them in the newspapers. Obviously the government could not undertake to locate them all, however, he added, as even the list the American government had prepared was probably inaccurate, and in many cases the names bore no addresses.

A telegram was sent to Moscow by him suggesting that all Americans whose addresses could easily be learned be rounded up immediately and given an opportunity to leave Russia as a guarantee of the good faith of the soviet government in its desire to permit every American to quit Russia who desired to do so.

At informal conferences with aids of Walter L. Brown, European director of the American relief administration, held here, the suggestion was given to M. Litvinoff's secretary that the addresses of some of the Americans were so well known it would be easy to send them out immediately.

M. Litvinoff stated that British, French and other subjects whose repatriation had been arranged long ago were still appearing now and then asking for passports to leave Russia. He added that if the United States insisted on the delivery of all the Americans on the list handed him the Russian famine relief probably would be over before the last man could leave.

"Mr. Hoover has stipulated that all Americans imprisoned in Russia should be released," the soviet representative continued. "They have been kept in prison for certain reasons and some of them have been accused of grave offenses against the government. One Kalmatiano even had been condemned to death."

The newspaper Nory Put, the official soviet organ at Riga, has said that Kalmatiano (one of the prisoners who came out of Russia this week) had been condemned in connection with a plot to organize a military mutiny against the soviet government in 1918.

"Still," said M. Litvinoff, "the soviet government was sufficiently practical to see that if this was an obstacle to feeding 1,000,000 children, then the conditions should be fulfilled. I realize that this condition is of some importance to America, but certainly if it were only a question of Russian internal affairs, our attitude would be quite different."

London, Aug. 15.—The Russian famine was discussed in the house of lords. Several members advocated the system employed in India, coping with similar visitations, namely, the establishment of large famine camps on the great lines of migration, where the people could be retained until the return of normal conditions permitted their restoration to the native villages, where means could be adopted in the meantime to preserve the framework of village life and insure a pure water supply.

Lord MacDonnell thought that the government ought to make a grant of from £30,000,000 to £50,000,000 for the purpose of relief.

Town of Marion Congratulates Physician on His Arrival Home With Bride.

Marion, O., Aug. 15.—Marion, congratulated Dr. George T. Harding, father of President Harding, on his marriage Thursday at Monroe, Mich., to Miss Alice Severns, his stenographer and office attendant for the last eight years.

Scores of surprised townsfolk personally tendered best wishes to the venerable physician and his bride, both of whom are well known to Marion residents.

Efforts to keep the marriage a secret were of no avail, although not until after the couple reached Marion six hours after Rev. Frank T. Knowles, a Presbyterian minister at Monroe, had pronounced them man and wife, did Dr. Harding admit that he had become a husband.

He said that Miss Severns and he left Marion together Wednesday morning and went to Detroit. "We were refused a license in Windsor, Canada, because we were not residents," Dr. Harding said.

"We passed Wednesday night in Detroit at the home of Mr. and Mrs. Louis V. Sanborn, who are relatives of mine. They accompanied us to Monroe, where we were married shortly after noon. I know I am not going to be lonesome now," he told the newspaper men.

Dr. Harding, who is seventy-seven years old, has been a practicing physician in Marion for fifty years. His bride was born in Marion county fifty-two years ago. He father, Oscar Severns, was one of the pioneer settlers of Marion county. He and his wife died several years ago.

CUT MARRIED MEN'S TAXES

Heads of Families Exempt From Income Taxes Up to \$2,500 and \$400 for Each Child.

Washington, Aug. 13.—Taxes were reduced for heads of families with moderate incomes by Republican members of the house ways and means committee in whipping the revenue bill into final shape.

The exemption applying to individual incomes was increased from \$2,000 to \$2,500 for those whose net income is not more than \$5,000. The action was taken on the motto of Representative Longworth of Ohio.

No change was made in the present \$1,000 exemption applying to single persons. The exemption for each dependent will be \$400 as agreed upon earlier in the week, this amount being twice the present \$200 exemption.

It was estimated that the \$500 increase in the exemption to which married men with incomes of less than \$5,000 will be entitled will mean a loss in revenue of about \$80,000,000. The increase in the exemption for each dependent will mean a loss of \$20,000,000.

CUT MARRIED MEN'S TAXES

Burden Will Not Be Shifted From
Rich Under Proposed Changes in
Law, Declares Explanation
of Program.

Washington, Aug. 10.—An official statement explaining the administration tax revision program was issued at the White House. It declares that "the aim was to establish methods that would raise the needed revenue within a reasonable certainty, make collections sure and inexpensive and classes of the community."

"It is felt that highly important progress has been made along these lines," the statement says, adding: "There has been no effort to relieve the rich of their share of burdens, but rather to insure that no class will be left an avenue of escape from these. A casual analysis of the proposals shows that what may be described as 'the rich man's taxes' will produce about \$1,800,000,000, while the balance will be distributed over the entire community, rich and poor."

"The reduction to 32 per cent of the highest income and surtax brackets is expected by the experts to produce actually more revenue from these sources than do the present much higher rates. The present rates prevent transactions which would involve application of the high rates, and thus keep taxes away from the government. Also they drive money into the tax-free securities, to the distress of business, and they lead to fraud and evasion."

Experience has shown, in dealing with the excess profits tax, that where there is periodic selling, this tax is pyramided, multiplying the burden of the consumer and inducing speculation and waste, which have been largely responsible for the intense speculation that followed the war. It is an unsatisfactory tax on which to base revenue estimates because its product of revenue is so extremely variable, and in the present epoch of reduced earnings it would utterly fail to produce the amount needed.

"In increasing the tax on corporation earnings an exemption is made of those having earnings of \$2,000 or less—the poor man's corporations. The number that would thus be exempt would exceed 300,000."

After reviewing benefits which it is declared will flow from repeal of the transportation taxes and substitution of manufacturers' tax for the so-called "nuisance" taxes, the statement concluded:

"The whole tax reform program contemplates freeing business from what have been found paralyzing and exasperating restrictions, encouraging to the utmost the resumption of enterprise and business, removing every possible incentive to evasion and fraud, and distributing the tax burden with the greatest possible equity among all classes of people, keeping in mind the purpose to impose the larger share on those best able to pay."

The committee voted to increase from \$2,000 to \$2,500 the exemption allowed married men having an annual net income of \$5,000 or less. This change would be retroactive to January 1, 1921, and would be in addition to the increase of \$200 in the exemption for each dependent of a head of a family previously decided upon.

Agreement also was reached, it was said, to decrease the manufacturers' tax on candy from 5 to 3 per cent, the manufacturers' tax on furs from 10 to 5 per cent and to repeal all the so-called luxury taxes, including those on carpets, rugs, trunks, traveling cases, pocketbooks, umbrellas and portable lighting fixtures, as well as those on wearing apparel.

THREE BANDITS GET \$114,000

Bank Cashier of Mining Town of Kincaid, Ill., Robbed of Pay Roll—Knocked Out by One of Robbers.

Taylorville, Ill., Aug. 10.—Three robbers on Saturday descended on the mining town of Kincaid, held up a bank cashier and deputy sheriff, and escaped with the \$114,000 payroll of the Peabody Coal company's mines at Kincaid, Langley and Tenney. One of the robbers knocked the cashier senseless with his revolver, a second knocked down the guard, and a third loaded the money packages into an automobile. In which the robbers disappeared before the villagers realized what was happening.

KENNEDY GUN FOUND

Weapon, Believed Used in Murder, Washed Up by Waves.

Arthur C. Burch and Mrs. Madalynne C. Obenchahn Indicted—New Evidence Found.

Los Angeles, Cal., Aug. 13.—The startling new evidence that swayed the grand jury in finding an indictment for murder against Arthur C. Burch, and, incidentally, against Mrs. Madalynne Connor Obenchahn, in the slaying of John Belton Kennedy, was a thorn in the knee of the accused man, it is learned.

The thorn was similar to those found near the spot where Kennedy was shot. It developed also that evidence has been secured by the state that the slain insurance broker paid a secret visit to Burch in his room in the Russell hotel three nights before he was slain. He was summoned to the room by a woman who waved to him from Burch's window, according to a story told to the district attorney by Margaret Olinger, a waitress of the building, where Kennedy had his office.

A tremendous stride has been taken in the case by the finding of a portion of the gun which ended Kennedy's life. The stock of the shotgun was recovered through the efforts of reporters who had plastered the beach near Santa Monica with posters offering a reward for his recovery. It was found by William Wylie, a Los Angeles roofing contractor, who was camping on the beach.

Despite the indictment of Mrs. Obenchahn, as well as of Arthur C. Burch, for the murder of the former's sweetheart, John Belton Kennedy, the state is still working. It is believed, to induce the former to tell an entirely new version of the shooting at Beverly Glen that will complete the case against Burch.

SENDS DISARM BID TO FIVE

President Harding Invites Britain, France, Italy, Japan and China to Conference November 11.

Washington, Aug. 13.—Formal invitations were sent to Great Britain, France, Italy, Japan and China to attend the conference on disarmament and far Eastern questions at Washington November 11.

The invitations are identical and brief, directly to the foreign office and copies handed to the diplomatic representatives of the powers here.

The communications place no limitation on the scope of the discussion to be had.

It is suggested, however, that the question of naval armaments "may naturally have first place," though it has been thought best not to exclude questions pertaining to other armaments from the subjects to be considered by the conferees.

U. S. POTATO CROP IS SHORT

Unexpected Poor Outlook in Yield Sending Prices Skyward, Says Government Report.

Washington, Aug. 13.—A short potato crop is sending prices skyward, according to the Department of Agriculture, with the outlook for a yield of only 310,000,000 bushels, the price already is higher than \$3 a barrel.

The present crop, if it amounts to only 310,000,000 bushels, will be three-fourths of last year's yield and the smallest since 1910, when it fell to 285,000,000 bushels.

The Northwest and Far West will yield their average quota, but conditions are unfavorable in the heavy producing trio of Minnesota, Wisconsin and Michigan.

FOUR BILLION DUE U. S. FIRMS

World Trade Debtors Increase
Obligations to Americans
by \$1,500,000,000.

UNABLE TO COLLECT NOW

Reserve Board Admits Certain Firms
Recognize That In These Sums
of Foreign Obligations There
Are Some Losses.

Washington, Aug. 17.—World trade debtors increased their obligations to American business concerns by \$1,500,000,000 in the last fiscal year.

The federal reserve board's estimates showed that this tremendous buying of American goods in a credit basis had further swollen American's favorable trade balance against the world to \$4,500,000,000.

And this represents money due American business concerns merely as promises to pay when world exchange disorders are corrected. The debts are at present uncollectible.

The balance due on trade accounts is in addition to the more than \$10,000,000,000 due the United States government in war loans.

America's credits to the rest of the world, therefore, which still remain to be paid, today stand at \$14,000,000,000.

The federal reserve board for the first time in a review of the menacing features of this credit situation, admitted that some American concerns already have recognized that in these stupendous sums of foreign obligations, there are many absolute losses.

Part of these bad debts represent cancellation of goods in foreign ports. Millions have been lost to American commercial interests through refusal of foreign buyers to accept shipments.

American financial institutions, for reasons of business safety, are continuing to withdraw from commitments in foreign trade.

HARDING ASKS CASH FOR MEET

President Requests Congress to Appropriate \$200,000 to Defray Expenses of Disarmament Conference.

Washington, Aug. 17.—President Harding asked congress on Monday for \$200,000 to defray expenses for the disarmament conference. The President transmitted a letter from Secretary Fletcher to Director Duves of the budget bureau showing the amount needed, and also transmitted an official copy of the invitation to the nations to participate.

The communications were immediately taken under consideration by the senate appropriations committee with the purpose of making the \$200,000 provision a rider on the shipping board deficiency appropriation bill to hasten passage. The bill has passed the house.

President Harding's letter was a brief formal transmittal note saying in part:

"In the statement of reasons set forth by the undersecretary of state I concur, and recommend the appropriation as being in the public interest."

Premier Briand of France has assured the United States government that he will personally attend the disarmament conference.

RUSS RELIEF IN DEADLOCK

Brown and Litvinov at Odds on Red Cross Claim to Control United States Staff.

Riga, Latvia, Aug. 17.—A deadlock was reached in the negotiations relative to American relief for Russia's famine sufferers between Walter Lyman Brown, director of the American relief administration, and Maxim Litvinov, acting on behalf of the soviet famine relief committee. Action by Washington and Moscow will be necessary to decide the issue, it is declared.

M. Litvinov has declined to surrender the Bolshevik government's rights to the control of persons distributing food.

TO VOTE CANAL TOLLS OCT. 10

Senate to Take Up Borah Bill Which Provides Free Tolls for American Steamers.

Washington, Aug. 17.—By unanimous consent the senate agreed Monday to vote on October 10 on the Borah bill providing for free tolls on American coastwise vessels using the Panama canal. If the senate is not in session on that day it was understood the vote will be taken the first day after it is convened.

New York Auto Thefts Double.
New York, Aug. 17.—Automobile thefts in New York have almost doubled in the last six months, according to police figures made public on Monday. Since Feb. 20, 2,491 cars, valued at \$2,500,000, have been stolen.

Arrest Two for Flying Too Low.
Davenport, Ill., Aug. 17.—Lieut. Jim Ingram, pilot with the Emerson flying circus, and A. S. Hall, newspaper photographer, were arrested here for flying over the city within 1,000 feet above the business section.

Moundsville, W. Va.—"I had taken doctor's medicine for nearly two years because my periods were irregular, came every two weeks, and I would suffer with bearing-down pains. A lady told me of Lydia E. Pinkham's Vegetable Compound and how much good it had done her daughter, so I took it and now I am regular every month and have no pain at all. I recommend your medicine to everyone and you may publish my testimonial, hoping that the Vegetable Compound does some other girl the good it has done me."—Mrs. GEORGE TEAGARDEN, 916 Third Street, Moundsville, W. Va.

How many young girls suffer as Mrs. Teagarden did and do not know where to turn for advice or help. They often are obliged to earn their living by toiling day in and day out no matter how hard the pain they have to bear. Every girl who suffers in this way should try Lydia E. Pinkham's Vegetable Compound and if she does not get prompt relief write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts, about her health. Such letters are held in strict confidence.

Government Maintains Paid Hunters

Strange as it may appear, the government employs hundreds of hunters. The biological survey hires between four hundred and five hundred hunters whose sole duty is to hunt and trap wild animals. In 1920 these professional hunters "bagged" out 32,000 skales and scapes, divided among the various animal tribes as follows: Wolves, 584; coyotes, 1,123; Canada lynxes, 43. To the average citizen of this country, especially in the thoroughly domesticated East, these figures might not convey practicality, but to the farmers of the western ranges they mean a saving in live stock of about five million dollars.

Only a Shell

Recently a fire in North Delaware street nearly destroyed the home of one of the residents. It was all new and interesting to one of the little neighbors, who heard, some one say, "there was nothing but a shell of the house left." All excited, he ran to his mother saying: "You know that house that burned? Well, there's nothing left in it but a shell."—Indianapolis News.

W. J. Kittle Resigns; Executive Committee Is Reorganized

Three meetings of the board of directors of the Marketing Co. have been held in the last ten days. Many important changes have taken place as a result of these meetings.

W. J. Kittle has resigned as manager of the company and his resignation has been accepted. The executive committee has been reorganized. The following men are now members of the new executive committee: J. H. Love, C. D. Wing, J. T. Williams, A. C. Stoxen and T. R. Keene. At the last meeting of the board of directors, J. T. Williams introduced the following resolution:

"Moved by J. T. Williams, seconded by E. C. Rockwell, that the executive committee be instructed to attempt to find the most able, trained and efficient man possible to act as general manager and bring his name before this board for approval and that no man, either a member of the board of directors now, nor any former member, be considered for the position, which motion was carried.

Temporarily, pending the securing of a new manager, the management of the company has been placed in the hands of the executive committee. No effort will be spared to obtain the most able, trained, experienced man that can be found in this country for the position of general manager. It is generally recognized that the Marketing company has grown to such a size that if wastes, leaks and losses are to be stopped, trained, efficient, experienced men must be brought into the management of this company.

Several months ago a resolution was passed by the board of directors to divide the business of the company into departments, with a trained, efficient, capable man at the head of each department. It is expected that the new executive committee will now carry that policy into effect and that the following departments will be created: "Sales Department," "Operating Department," "Purchasing Department," "Accounting and Book-keeping Department," and that a competent, trained, efficient man, who has had actual experience along the lines of the work he is intended to supervise, will be placed at the head of each one of these departments and that over them will be placed a general manager of the highest ability and attainments. Naturally, as most good men are already employed, it is going to take from thirty to sixty

days to secure these men and actually get them on the job.

Another important move which has been made is the creation of an organization department with A. C. Stoxen as director of organization and publicity. In this department a bureau of publicity will be created. A mailing list of each member of the Marketing company is to be compiled, and from time to time all members will receive a bulletin giving them full information in regard, not only to what is being done, but the different problems that the company has to confront. This will be welcome news to the members who believe that the policy of secrecy maintained in the past, relative to the company's affairs and doings, was the wrong policy. Henceforth all reasonable publicity, through the medium of newspaper articles, bulletins, meetings and field workers, will be given to the members of this organization.

The new executive committee firmly believes that the time has been reached in the affairs of the company when its business affairs ought to be operated and handled upon a strictly business basis; as a business corporation. Consequently, it is their announced policy that in selecting men

for the positions in the business organization they shall look solely and only to the qualifications of the person for the particular position that he is desired to fill, rather than upon any friendship, past or present affiliations that he may have had with this organization.

To put it bluntly, it is the intention of the executive committee to thoroughly reorganize and place the Marketing company upon a firm business foundation, with all politics cut out, and in this laudable desire and intention the executive committee should have the support of all the loyal members of this organization.

A real, comprehensive business program is going to be worked out. There is a brighter day dawning for the Marketing company.

ANTIOCH

Antioch is a town of great possibility, a town with a future, the heart of the play-ground of Northern Illinois the key to the lakes. The business men and property owners know this or they would not have staked their future in Antioch.

As the key to the lake district Antioch should produce a pleasing effect on its visitors, should welcome its visitors, should help make these respite-seeking workers of the cities enjoy their vacation, should make their travel from place to place easy and smooth.

Does Antioch fulfill these duties? No. The streets are in bad condition, the reception given visitors this summer was of such a character as to be published broadcast over the surrounding country, hard feelings have sprung up between factions in our township, in fact everything tends to pull away instead of toward cooperation.

The acceptance of a call to duty to straighten out this state of affairs has been accepted by our business men of the town and now the duty of the citizens is to drop all factional feeling and get behind these men and let the town go ahead once more.

Alghana Abstemious.

Young and old Alghana take snuff, but have no particular fondness for wine or spirits. Tobacco raised in the land is inferior in quality, the better sorts are imported from Persia, Russia, India and Egypt. Amir Habibullah Khan always had a good private stock of Havana cigars. Both young and old people take snuff.

Paint Also Helps.

Most people go to the expense of having cellar walls whitewashed every year or so, but few people feel that it is necessary to have any paint used in the cellar. However, it is a good idea to have cellar walls painted for coat or so of good floor paint. It prolongs their life and makes them easier to clean later.

Auto Races to Be Feature of Fair

An added feature at the McHenry county fair this year will be auto races on Friday, August 26, where the fastest speed demons in this part of the United States will race for the honors. This will be in addition to the harness race program to be held on Friday. There will be no auto races on the track though until each of the harness races has been completed, so as not to hinder the harness racing in any way.

The work on the pageant, entitled "Milk Fairies" given by the McHenry Home Bureau and under the direction of Miss Mary Shipton, is progressing wonderfully, and will be one of the biggest educational features ever staged at a fair in northern Illinois. This pageant will be given on children's day, Wednesday, August 24, at the McHenry county fair.

So, therefore, the stage is being rapidly set for one of the biggest and best McHenry county fairs to be held at Woodstock, August 23 to 26, and all that remains to be done is to care for the big crowds that are expected to attend it. For several days the fair grounds have been filled with workmen, autos, wagons, tents and lumber and decorations. Much of this work has been finished and only a few finishing touches must be made to put things in complete readiness for the visitors.

The liberality of the fair management in offering premiums and attractions to the extent of over \$15,000 for all kinds of educational exhibits, has attracted an unusually large list of exhibitors in all kinds of products. The live stock show will be particularly interesting. The finest stock in this section will be exhibited. Competition in the Woman's Work department is keen and the smell of prize cooking will tantalize many. The boys and girls clubs will have a large exhibit in the largest hall on the grounds and the grown-ups will have to hustle to beat them.

"We believe our fair will surpass any other ever held," says Secretary Hoyt E. Morris. "There has been a greater interest in the fair this year than ever before. We feel that our educational shows are not responsible alone for the greater interest but the splendid entertainment program too. We have planned an amusement program that will keep visitors on their toes from morning until evening. The

Milk Fairies Pageant To Be Feature Event at Fair

On Children's Day, August 24th, at the McHenry County Fair will be staged under the auspices of the McHenry County Home Bureau, Mrs. Mary Dalbey, advisor, and under the direction of Miss Mary Shipton, a Pageant called "Milk Fairies," which was staged at the National Dairy Show last winter in Chicago. It will be worth coming many miles to see, as it is not only beautiful to see the work of the children but will be educational and instructive to all. The synopsis and list of characters is as follows:

Characters in "Milk Fairies" Pageant

Doctor	Donald Taylor
Johnnie	Webster Bowers
Mother	Della Miller
Guardian of Good Health	Clarice Miner
Queen of Fairies	Darlene Freund
Queen of Butterfat Fairies	Winifred Smouse
Queen of Vitamine Fairies	Ida Brink
Queen of Sugar Fairies	Viola Hokansen
Queen of Mineral Matter Fairies	Margaret Belcher
King Protein	Vincent Hokansen
Ice	Robert Sherman
Boy	Harold B. Wright
Sugar and Mineral Matters—Boys and girls from Harvard	
Butterfat and Vitamines—Boys and girls from Marengo	
Protein Boys—from Richmond	

A Pageant entitled "The Milk Fairies"—Little Johnnie, pale and looking rather underfed, wants to go and see the parade before eating his breakfast of oatmeal and milk. His mother protests, and urges him to eat his breakfast first, but Johnnie complains that he doesn't want it—he doesn't like it and goes off to see the parade while his mother at home is discouraged because she cannot induce him to take milk.

The second scene shows Johnnie just returned from the parade; he meets the Doctor and tells him he is going to be an athlete some day like some in the parade. The doctor warns him that unless he drinks more milk he can never be strong and healthy. When his mother again offers him his oatmeal and milk, like many other ill advised children he prefers giving it to the cat or the calves. But Johnnie is tired and goes to sleep and while asleep he dreams of and sees the Guardian of Good Health and the Milk Fairies who represent the essential elements of milk, the Butterfat fairies, the Vitamine fairies, the Protein fairies, the fairies of sugar and of Mineral Matter—these all tell him what they can do for children who drink milk. Johnnie also meets in his dream a Boy who loves milk and drinks "lots of it" a big husky boy with the making of an athlete—just such an athlete as Johnnie wants to be, and Johnnie is convinced that milk is good for him and decides to drink it much to his mother's and the Doctor's delight.

The children are now drilling for this, which will be given with pretty folk dances and songs and will make a very interesting and entertaining spectacle.

WORLD'S FAIR FERRIS WHEEL

One of the largest Ferris Wheels ever seen at any Fair in Northern Illinois has been booked for the McHenry County Fair this year. It is called "The World's Fair Ferris Wheel" and is 60 feet high and will be a spectacle worth seeing. In addition to the ferris wheel, there will be a three-abreast merry-go-round and a Midway full of concessions and shows. You can plan on having one continuous round of pleasures on the joy-way at the McHenry County Fair.

This Fair should be attended by every person living in this community or the surrounding territory accessible to it. It is, in fact, Your Fair, and the officers are running it for You. They want your assistance in making it a fair that the whole community will be proud of. They not only want your attendance, but they want you to exhibit something. A fair cannot be made a success without liberal and substantial encouragement from the public and exhibitors. While the management assures the people that it will spare neither time, labor nor expense to make the exhibition large and a glorious success, it wants to be seconded by the liberal hand of the whole people in this part of the state, and is relying upon you, and your neighbors and friends, to Boost the Fair in every way you can devise.

TAKE A TRIP UP IN THE AIR

At the McHenry County Fair, you should plan on taking a trip into the air, as it is one of the most interesting events that can happen in your life. Good safe drivers and good safe airplanes will be at the McHenry County Fair to accommodate you.

COMMUNITY DAY

Friday, August 26th, besides being Auto Race Day, will be Marengo Day and Community Day at the Fair, as the Marengo Community High School Band will furnish the musical program for that day; so plan on being at the Fair on Friday as it will be a real Community Get-together Day.

Marengo High School Band at McHenry County Fair, Friday, August 26

BOYS' AND GIRLS' CLUB EXHIBITS

\$400 Offered in Purses for This Department. Some of the features of the 1921 McHenry County Fair will be the Boys' and Girls' Club Exhibits. There will be a canning contest, each team giving a public demonstration at the Club Booth at the Fair Grounds, during each day of the Fair. Boys' and Girls' Canned Goods contests will be another feature whereby young people will be required to judge two varieties of fruit and two varieties of vegetables. The Boys' and Girls' needlework judging contest will also be staged on Wednesday of the Fair week. One of the outstanding features of the Boys' and Girls' Club work has been the Boys' and Girls' Cattle and Swine Judging Contest, the value of which has proven itself many times over at the past two fairs. Special emphasis has been laid on boys' and girls' club work in McHenry County Fair as this fair has education as its highest ideal. It is, therefore, that there is the highest co-operation between the McHenry County Fair and the boys' and girls' club. Encourage your boy and girl to exhibit at the McHenry County Fair, and help them keep interested in the farm.

HORSE SHOE TOURNAMENT

A new feature at the McHenry County Fair this year will be a good old-time horse-shoe Tournament, as various teams at Hebron and Woodstock and other towns throughout the County have made challenges for the three big days at the McHenry County Fair, so therefore, bring along your horse-shoes and get into the game.

GIGANTIC FARM MACHINERY EXHIBIT

The farm machinery exhibit under the direction of William Bartelt will prove to be one of the most interesting exhibits on the grounds for the farmer. All the latest and labor-saving devices will be placed on exhibition at the McHenry County Fair for your approval.

BILLED LIKE CIRCUS

The sixty-eighth annual exhibition of the McHenry County Fair will be held at Woodstock, August 23, 24, 25, 26. The Fair is being billed like a circus and while 1920 broke all records for attendance, indications point to more people coming here for all three of the big days of the fair than ever before.

State Fair Attraction Miss Aida, Belgian Girl Acrobat

Miss Aida, recently came to this country, and will make one of her first appearances at the McHenry County Fair. Miss Aida appears at the Fair in one of the most sensational of acts ever staged at any county fair in Northern Illinois or Southern Wisconsin. As Miss Aida is booked with the larger state fairs in this country this fall, this practically being the only county fair that she will appear at, it will be well worth while the trip and price of ticket to the McHenry County Fair to see Miss Aida in her Marine Rope Act, working thirty feet in the air without the use of a net.

Another act of the State Fair caliber will be the KRONEMAN BROTHERS, who are agile athletes in a combination of wonderful acrobatic feats and laughable eccentricities. Tutored in the European School of gymnastic achievement, they have been taught that perfection and grace in the execution of their various feats is an accomplishment much to be desired, and on that stamps the performer as a finished athlete. Their entire routine of unusual feats is accomplished with grace and daring rarely ever seen in this kind of presentation. Interspersed with many laughing purposes only, we have in the Kroneman Brothers one of the very best acts of the kind that ever appeared before the public. Their efforts to amuse always receive the appreciation of the laughter loving audience and their unequalled tricks are received with tumultuous applause.

The various Countries of Europe have always been known to produce the very best in the line of gymnasts, because children are taken at very tender ages and educated for the purpose of using them in this field, and for that reason our minds have become associated with the fact that when they come from Europe they must excel. The Kroneman Brothers are among the first of the famous European acrobats who have come to this country since the World's War was started. Everything they do, straight or comic, is done in the highly excellent manner which has gained them an international reputation.

AUTO RACE DAY

Friday, August 26th, at the McHenry County Fair will be Auto Race Day. A live-wire committee has been appointed to look after this event and the entries for this event are coming in very rapidly, as there is a \$350 purse up for these races. There will be no reduction in the harness race program as this is additional to the regular harness racing and therefore will not harm the track in any way for harness races. The fastest of auto racers and the most daredevil drivers are already listed. A novelty race between an aeroplane and an automobile is also being planned on being staged. Plan on coming each and every day to the McHenry County Fair as you will find the program varied and changed daily.

A COW WORTH SEEING

This cow was born while the great world war was at its worst, so therefore it is very interesting to see the marking on the right side of this cow; on this side, you will find a perfect outline of an American soldier and also one will see on the same side of this cow, a four-leaved clover. The owner of this cow claims that inasmuch as these two things are symbolized on the side of this cow at the time it was a good indication for the victory of the American arms. Her name is Korndyke Lucile Ruth DeKol and she will be one of the Holsteins owned and exhibited by W. A. Ohlaver of Huntley, Illinois, at the McHenry County Fair.

THE WRIGHT DUO—Wizards of Equilibrium

This is a feature act that has been a feature with Ringling Brothers and other leading circuses for the past five years, and is making its first appearance at any fair this year. The McHenry County Fair management is very proud of the fact that they have been able to secure such an act as this one will prove to be. The WRIGHT Duo performs sensational balancing feats on the end of a ladder in motion, beginning where all other acts leave off. It also proves to be one of the most beautiful and novel acts ever placed upon the McHenry County Fair as there is no similar act in existence today.

COMMUNITY SERVICE

The McHenry County Fair serves its communities by encouraging Agricultural progress, by advertising its efforts and satisfying the human longing for recreation. A visitor to the Fair this year will find that the slogan of the Fair management is "Service to the Exhibitor as well as to the Fair Patron."

AUTO SHOW

A gigantic auto show will be staged under the direction of H. H. Mershon, of Woodstock, Ill. If you want to see the latest and up to date autos and a full line of 1922 models, be sure to attend the McHenry county Fair.

THE BEST OF MUSIC

On Wednesday and Thursday of Fair week, the Woodstock Band will play and on Friday, the Marengo Community High School Band will play.

POULTRY RAISERS MAKE THEM LAY

An added class to the Poultry Department this year will be the heavy laying class. The American Mediterranean and English breeds of Poultry will each be judged in a class by themselves by the Hogan test. Classes of instruction in culling will be held throughout the Fair. Mr. Poultryman, if you have a hen that you know has a record, exhibit it in this class of the McHenry County Fair.

PIGEON FANCIERS, ATTENTION:

Heretofore, there has not been a place in the premium list for you. This year liberal premiums have been added to the Poultry department in the McHenry County Fair Premium List.

We aim to get up an exhibition that will not be a plain repetition of the efforts of former years; but plan to have a live, progressive fair, abounding in fresh and novel sights and features that will be interesting because new and strange to the eyes of those who witness them. We hope to be able to make this the most marked and memorable of any show ever held by the Society, or held in this section of the country. It will be our endeavor to have the grounds, halls and exhibits exceed in extent, novelty, cleanness, freshness and splendor, those of any former years, and the occasion more conspicuous and gratifying. We are ambitious to hold a fair that will have no superior in its class, and be the event of the season. Do you approve of this? If you do, co-operate with us in getting the results.

In helping to move a steel rail with the section gang, Tom Sullivan was the victim when the rail was let go of, it striking him on the left foot. After a thorough examination it was found that a small bone was broken and another cracked. The accident happened at Silver Lake.

A shipment of Jordons are on the track for our local agent, Charley Sibley.

Possibly.

An expert announces that there are ten causes of crime. Wonder if he had in the old adage that "the good die young" is one of them.

The rumor that a number of cars were stolen at the Lake Villa Fair was denied by one of its officials yesterday.

Mr. and Mrs. Richard Snowhook of Kenosha have been spending a few days with their cousins, Mr. and Mrs. Oliver Hoyer.

Miss Frances Quinlan of Chicago returned home Sunday, having spent her two weeks' vacation with her sister, Mrs. Oliver Hoyer.

On Friday afternoon, July 29th, the Antioch Woman's club had a party at the home of Mrs. W. H. Rood, Lake Catherine. Mrs. E. S. Bally, president of the State Federation was the guest of honor. The time was pleasantly spent listening to Mrs. Bally's account of work in the Women's club also Mrs. Frank Johnson spoke briefly on work Women's club can do. Miss Wright of Wilmet and Mrs. Gilbert charmed every one with their singing. Mrs. Gilbert lead and all joined in singing America. The company went out on the lawn where dainty refreshments were served, and we came to the end of a perfect day.

Ye, boy, Lake Geneva, Lake Geneva. That's only one of the great number of yells that fairly raise the roof of the dining hall at Conference Point, where 400 lively, wide awake Epworth Leaguers assemble there three times a day. On Monday, August 8, six of the Antioch young people left for the Epworth League Institute at Williams Bay to have a good time and to get new ideas for those who were not able to go with them. In order to show the Leaguers and other people in our community what they are missing in life we Geneva goers are going to put on a new program for Sunday, August 22. The program will be as follows:

6:00 p.m.—Fellowship hour, including refreshment.

7:15 p.m.—A snappy service by the following young people: Susan Tiffany, president; Mabel VanDeusen, third vice Nelson Drom, treasurer; Albert Tiffany, Edna Richards and Mery Dudley. These meetings are open to anyone and everyone who wishes to come and enjoy themselves.

Mr. and Mrs. W. H. Osmond visited Mr. Osmond's sister, Mrs. Will Crains and family at Richmond last Sunday. Mrs. Crains and daughter Hattie accompanied the Osmonds home to spend a few days here.

The Lehmann Regulars played two games of ball last Sunday, on the Lehmann grounds at Lake Villa. The first game was between the Regulars and Weibolds, the score being 10 to 3. The second game was with Johnsbury and ended with a score of 6 to 1, both games in favor of the Lehmann's. Both games were fast and some real ball playing was staged before the fans. Each game lasted seven innings. Among the Lehmann players were some Antioch talent. John Motley, Ralph James, Frank Scott, Will Sheehan and Carl Naber.

Thirty-eight head of pure bred Duroc hogs sold for an average of \$53.20 per head at the first annual summer sale of Wm. G. Voss at Bassett, last week. Bred sows averaged \$62 per head.

The average was somewhat of a disappointment to Mr. Voss, as in a number of cases animals of the very best breeding went for a little more than pork prices. But he took an optimistic view of the sale, realizing present conditions and knowing the scarcity of money among the farmers.

Col. Thompson, of York, Neb., was auctioneer and in the ring said that the hog was the only product of the American farm that was today showing a profit. Milk, grains, etc., were being produced at an actual loss to the farmer but with hogs at \$10 and corn at present prices, a farmer can get more than cost of production out of hogs.

Following the Duroc sale Mr. Voss sold ten young Shorthorn bulls. They brought an average of \$81.75 per head, the sale being topped by E. H. Parker and son of Janesville, who paid \$105 for one animal.

W. S. Kinsar of Antioch, made three purchases at the above sale, three standard bred Duroc hogs, one male and two female. A standard bred Scotch topped bull, 10 months old, weight 750.

ANTIOCH

Antioch Loses to Gurnee Team

The winning streak of the local team was broken Sunday when the strong Gurnee team handed them a 5 to 2 defeat. The locals two runs were the result of a miscalled decision on a ball, after which the batter clouted a three base hit, scoring both runs.

The breaks of the game favored the visitors throughout, the game and at no time were the home team in a position to take the lead.

Wilton was far from form and was removed in the fifth in favor of L. Hook, whose showing was not much of an improvement, Gurnee collecting twelve hits while Graf held Antioch to seven well scattered blows.

Next Sunday two games will be played, the first starting at 1 o'clock, when Lake Villa will meet the Antioch juniors. Somers' Grays will furnish the attraction for the big game.

Battle Between Grizzly Bears at Crystal Theatre

A vicious battle between two grizzly bears is one of the chief features in "The Courage of Marge O'Doone."

SCENE FROM "THE COURAGE OF MARGE O'DOONE" BY JAMES OLIVER CURWOOD ANTI-GRAPH SPECIAL PRODUCTION

Vitagraph's special production based on the powerful novel by James Oliver Curwood, which will be shown at the Crystal theatre on Saturday. Special precautions were taken to make the screen play true to the type of the Canadian Northwest. The company waited in the vicinity of Truckee, in the mountains of California, for several days for a heavy snowfall. A light snow on the ground would have been unconvincing. Cabins to duplicate those described in the book were constructed at Donner Lake and at several locations hitherto untouched by the camera.

The dog and bear incidents were obtained only after painstaking effort. One bear appears throughout the entire picture as the companion of Marge O'Doone and protects her from harm. It is this bear, Tara, that has the thrilling fight with a wild and vicious grizzly. The two bears were kept separate until the time for the fight, neither before had seen the other. David Smith, who directed the picture, has made a specialty of animal scenes.

The harness races of the Illinois Valley circuit, held at Dean's track at Palanline, four days last week, were enlivened Friday when Cook county deputy sheriffs made a series of arrests for alleged gambling.

An attempt by Will McGaw, retired Richmond creamery owner, to jump from an automobile when the brakes refused to hold the machine on a steep hill between Cary and Barrington, resulted in his death at Sherman hospital, Elgin, last Saturday.

Lines to Be Remembered.
Many a shaft at random sent, finds mark the arrow little meant; and many a word, at random spoken, may soothe or wound a heart that's broken.
—Walter Scott.

A Petition

Editor Antioch News. Dear Sir: We residents of South Main street, south of Maple avenue, wish to enter an earnest protest against the removal of Officer Congdon without the sanction of the village board.

A village ordinance regulates the speed limit to fifteen miles an hour within the limits of the village and notice to that effect is prominently posted at the corporation limits, as is done in every village in the land. This ordinance is necessary in the name of our common humanity, and for the protection of our little children and the aged and infirm members of our homes whose lives are jeopardized daily on the streets of Antioch by drivers of automobiles who recognize no law save their own will, and who think that the people of the village who own its homes, pay its taxes and support its merchants the year around, have no rights whatever, that are worthy of respect.

The law says, "Slow down to fifteen miles an hour," while passing through our village streets in order to minimize the possibility of accidents to yourself and to our residents. Instead of doing this no attention whatever is taken, and cars coming from three different directions race past our homes at an average of from twenty-five to thirty miles an hour, and our week ends are veritable bedlams.

Officer Congdon was hired, to enforce that law, and until that law is repealed by those who passed it we submit that in stopping these speed violators and calling upon them to respect it, he was strictly within his rights and was carrying out the expressed will of those who hired him. He was not told that it would be unwise and unreasonable to expect a literal enforcement, or to expect that a speed of fifteen miles could really be enforced. He was told to put a step to speed violations within the village limits. We who live where his conduct was seen and much of the conversation could not fail to be overheard will testify as to his courtesy and efficiency in handling the week end traffic. Scores of cars were slowed down by a wave of his hand and a friendly admonition to "Go Easy." Other instances there were in which he was greeted by these speeders with profanity and derision and denials. As an officer of the law he was entitled to respect and insisted upon it rightly. Of course there are exceptions to all rules, and it may be that the chauffeur of the gentleman who wrote the letter for last week's News was an exception, if so, we apologize but the rule holds good. Either the law should be enforced, or it should be repealed. No right minded man in Antioch will be influenced by threats. Let us obey the law; have consideration for the rights and feelings of one another and so dwell together in peace and safety.

To Sell Pure-Bred Farms This Fall

Mr. W. C. Cronan, of Kenosha, is making an extended tour of this vicinity in executing live stock sales. Mr. Cronan is an experienced and very able auctioneer, and on October 10 will sell the Burdick farm, east of Salem. The Burdick farm makes a specialty of Poland hogs, and on October 16 will execute the Clayton-Leonard auction, a general farm sale, located seven miles west of Kenosha. Mr. Cronan can be reached by phoning Kenosha 1730.

There are 11,546 children in Lake county who attended school in the county during the year just closed and the cost of operating the schools was \$1,455,000 according to a report county superintendent T. Arthur Simpson has just sent to the state superintendent of schools. The total amount paid for salaries of teachers was \$632,406 the net receipts for school purposes were \$1,745,595 and the tax levy was \$1,190,000.

There are 125 schools in the county, and their total value is appraised at \$3,387,000. The school census showed that there were 12,740 males and 12,461 females under the age of 21 in the county. Of these there were 5,020 boys and 4,762 in the elementary schools, and 879 boys and 884 girls in high schools. The average length of the school year was nine months.

There were 67 men teachers and 376 women teachers, a total of 443. "The sad part of this report," said Supt. Simpson, "is that there were 125 children of school age in the county who did not attend school last year. Fifteen of these were in Waukegan and the others from county districts. These were between the ages of 6 and 16."
